The 2022 Ford Transit is a versatile full-size van with exceptional capabilities. It offers various configurations, including cargo, crew, and passenger options. Powered by a choice of V-6 engines, it delivers strong performance. Notable features include a towing capacity of up to 7500 pounds, excellent handling, a quiet cabin, and a comprehensive suite of driver assists. The Transit Passenger Van accommodates up to 15 passengers and offers advanced tech options like Sync 4 infotainment and Intelligent Adaptive Cruise Control. With its versatility, ample passenger room, and available all-wheel drive, the Ford Transit is an excellent choice for commercial or recreational needs.

The Ford Transit showcases its spirited nature with the turbocharged 3.5-liter V6 engine. Its acceleration is smooth and effortless, thanks to the 10-speed automatic transmission. Whether you're maneuvering through city streets or needing a burst of power on steep inclines or from a stop, the EcoBoost engine delivers exceptional performance. In fact, this impressive van can reach 0 to 60 mph in just 8.7 seconds. Such agility and speed are truly remarkable for a vehicle of its size and weight.

While the turbocharged 3.5-liter V6 engine enhances the Transit's performance, it comes at the expense of fuel economy. Due to its heavy-duty nature, the Transit lacks an official EPA rating for fuel efficiency. However, our tests revealed that even during long highway drives, we were unable to achieve a fuel economy exceeding 13 mpg.

Did You Crash Your 2022 Ford Transit?

Your day was like any other, you were minding your own business when you suddenly had a car accident. Did you know that a wrecked and repaired car can lose over \$7,820 in value?
