2022 Hyundai Santa Fe Diminished Value Case Study

Friday, May 5, 2023

The 2022 Hyundai Santa Fe is a mid-size crossover that earned a spot on the Editors' Choice list thanks to its premium appearance and comfortable, spacious cabin. It offers four different powertrains—including hybrid and plug-in hybrid variants—delivering a satisfactory driving experience. Standard driver-assistance features come as standard, as does infotainment technology that's up to par with other SUVs in its segment. Accommodating four adults across two rows and offering generous cargo space, it's more than capable of carrying bulky items or luggage, making it an ideal choice for those who don't require a third row but still want a comfortable and practical mid-size crossover.

The 2022 Hyundai Santa Fe lineup now includes a plug-in hybrid powertrain, which offers 260 horsepower and up to 31 miles of electric-only driving per charge. However, this option is only available in select states, including California, Colorado, Connecticut, Maine, Massachusetts, Maryland, New Jersey, New York, Oregon, Rhode Island, and Vermont. For those outside these states, the new XRT trim level is available, which is based on the nonhybrid Santa Fe and adds a rugged exterior appearance with side steps, skid plates, and a unique wheel design.

Did You Crash Your 2022 Hyundai Santa Fe?

Your day was like any other, you were minding your own business when you suddenly had a car accident. Did you know that a wrecked and repaired car can lose over \$6,635 in value?

Diminished Value Calculator	
Before Accident Cash Value	\$33,175
After Accident Cash Value	\$26,540
Diminished Value	\$6,635
