The 2023 Hyundai Elantra is a versatile and attractive compact sedan that offers a lot of value for its price point. With a variety of engine options, including a fuel-efficient hybrid, and an array of features, it stands out in a competitive market. If you're in the market for a small sedan, the Elantra is definitely worth considering.

The SE and SEL models of the 2023 Hyundai Elantra come equipped with a standard 2.0-liter four-cylinder engine that delivers a modest 147 horsepower and 132 pound-

feet of torque. For those seeking a more spirited driving experience, the N Line model offers a smaller 1.6-liter turbocharged engine that packs a punch with 201 horsepower and 195 pound-feet of torque.

The 2023 Hyundai Elantra is quite spacious and provides great visibility in the front seat and plenty of legroom in the back, making it one of the roomiest cars in its class. Taller people may have headroom issues, but generally, it's very comfortable. The Limited trim level comes with a pair of screens for gauges and infotainment, which has an intuitive user interface with straightforward directions. Another nice feature is that both Apple CarPlay and Android Auto are wireless, though you do need to use a cord for integration on the larger 10.25-inch screen.
